# **SIEMENS**

Data sheet 3RV2011-1AA15

Circuit breaker size S00 for motor protection, CLASS 10 A-release 1.1...1.6 A N-release 21 A screw terminal Standard switching capacity with transverse auxiliary switches 1 NO+1 NC

| product brand name  | SIRIUS               |  |
|---|----------------------|--|
| product designation   | Circuit breaker      |  |
| design of the product   | For motor protection |  |
| product type designation  | 3RV2                 |  |
| General technical data  |                      |  |
| size of the circuit-breaker   | S00                  |  |
| size of contactor can be combined company-specific                                  | S00, S0              |  |
| product extension auxiliary switch  | Yes                  |  |
| power loss [W] for rated value of the current                                       |                      |  |
| <ul> <li>at AC in hot operating state</li> </ul>                                    | 7.25 W               |  |
| at AC in hot operating state per pole   | 2.4 W                |  |
| insulation voltage with degree of pollution 3 at AC rated value                     | 690 V                |  |
| surge voltage resistance rated value  | 6 kV                 |  |
| maximum permissible voltage for safe isolation in networks with grounded star point |                      |  |
| <ul> <li>between main and auxiliary circuit</li> </ul>                              | 400 V                |  |
| between main and auxiliary circuit  | 400 V                |  |
| shock resistance acc. to IEC 60068-2-27   | 25g / 11 ms          |  |
| mechanical service life (switching cycles)  |                      |  |
| <ul> <li>of the main contacts typical</li> </ul>                                    | 100 000              |  |
| of auxiliary contacts typical   | 100 000              |  |
| electrical endurance (switching cycles) typical                                     | 100 000              |  |
| type of protection according to ATEX directive 2014/34/EU                           | Ex II (2) GD         |  |
| certificate of suitability according to ATEX directive 2014/34/EU                   | DMT 02 ATEX F 001    |  |
| reference code acc. to IEC 81346-2  | Q                    |  |
| Substance Prohibitance (Date)   | 01.10.2009           |  |
| Ambient conditions  |                      |  |
| installation altitude at height above sea level maximum                             | 2 000 m              |  |
| ambient temperature   |                      |  |
| <ul> <li>during operation</li> </ul>  | -20 +60 °C           |  |
| <ul> <li>during storage</li> </ul>  | -50 +80 °C           |  |
| during transport  | -50 +80 °C           |  |
| temperature compensation  | -20 +60 °C           |  |
| relative humidity during operation  | 10 95 %              |  |
| Main circuit  |                      |  |
| number of poles for main current circuit  | 3                    |  |
| adjustable current response value current of the                                    | 1.1 1.6 A            |  |
|   |                      |  |

| assument devendent assumed valence                         |             |
|--|-------------|
| current-dependent overload release                         |             |
| operating voltage  | 000.17      |
| • rated value  | 690 V       |
| • rated value  | 20 690 V    |
| at AC-3 rated value maximum                                | 690 V       |
| operating frequency rated value                            | 50 60 Hz    |
| operational current rated value                            | 1.6 A       |
| operational current at AC-3 at 400 V rated value           | 1.6 A       |
| operating power at AC-3                                    |             |
| <ul> <li>at 230 V rated value</li> </ul>                   | 0.3 kW      |
| <ul> <li>at 400 V rated value</li> </ul>                   | 0.6 kW      |
| <ul><li>at 500 V rated value</li></ul>                     | 0.8 kW      |
| at 690 V rated value                                       | 1.1 kW      |
| operating frequency at AC-3 maximum                        | 15 1/h      |
| Auxiliary circuit  |             |
| design of the auxiliary switch                             | transverse  |
| number of NC contacts for auxiliary contacts               | 1           |
| number of NO contacts for auxiliary contacts               | 1           |
| number of CO contacts for auxiliary contacts               | 0           |
| operational current of auxiliary contacts at AC-15         |             |
| • at 24 V  | 2 A         |
| • at 120 V   | 0.5 A       |
| • at 125 V   | 0.5 A       |
| • at 230 V   | 0.5 A       |
| operational current of auxiliary contacts at DC-13         |             |
| ● at 24 V  | 1 A         |
| ● at 60 V  | 0.15 A      |
| Protective and monitoring functions                        |             |
| product function   |             |
| ground fault detection                                     | No          |
| phase failure detection                                    | Yes         |
| trip class   | CLASS 10    |
| design of the overload release                             | thermal     |
| breaking capacity operating short-circuit current (Ics)    |             |
| at AC  |             |
| <ul> <li>at 240 V rated value</li> </ul>                   | 100 kA      |
| <ul> <li>at 400 V rated value</li> </ul>                   | 100 kA      |
| <ul> <li>at 500 V rated value</li> </ul>                   | 100 kA      |
| <ul> <li>at 690 V rated value</li> </ul>                   | 100 kA      |
| breaking capacity maximum short-circuit current (Icu)      |             |
| <ul> <li>at AC at 240 V rated value</li> </ul>             | 100 kA      |
| • at AC at 400 V rated value                               | 100 kA      |
| • at AC at 500 V rated value                               | 100 kA      |
| • at AC at 690 V rated value                               | 100 kA      |
| response value current of instantaneous short-circuit trip | 21 A        |
| unit   |             |
| UL/CSA ratings   |             |
| full-load current (FLA) for 3-phase AC motor               |             |
| • at 480 V rated value                                     | 1.6 A       |
| at 600 V rated value                                       | 1.6 A       |
